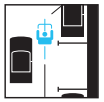
BICYCLING

TIPS FOR BIKING SMART

SEE. BE SEEN. BE HEARD.
Use lights at night (white to the front and red to the rear) or when visibility is poor. When on trails, warn pedestrians, joggers, and slower cyclists before you pass with a bell or by saying, "on your left."

LOCK IT RIGHT
Use a U-lock to lock your frame and at least one wheel to a bicycle rack or immovable object. For added security, secure your other wheel with a second lock or chain.



RIDE PREDICTABLY
Make it easy for drivers to see you: avoid weaving between parked cars, and ride with the direction of traffic. Adults may not ride a bicycle on the sidewalk in the City of Chicago.

PARK YOUR PEDALS: REQUEST A RACK
Is your favorite Bronzeville business lacking a bike rack? Request a free bike rack from the City of Chicago by calling 312-742-BIKE or online at www.chicagobikes.org/bikeparking.

REPORT A PROBLEM
Call 311, the City of Chicago's 24 hour City Services Request hotline to report city street locations with potholes, broken glass, and other maintenance and repair needs.

DIVVY BIKES

Divvy is a bike sharing system with thousands of bikes at hundreds of stations around the City, including Bronzeville. Bikes are available 24/7, 365 days a year. You must be 16 years or older to ride Divvy. Find out more at **divvybikes.com**.

1. **JOIN** Purchase an Annual Membership online or get a 24-Hour Pass from any Divvy station. Annual Members will receive a unique Divvy key in the mail after completing their application. You will need to use a credit or debit card to sign up. For Chicagoans who face financial barriers or do not have a credit or debit card, CDOT now offers the **Divvy for Everyone (D4E)** program. More information on discounted memberships is at **divvybikes.com/D4E**.
2. **TAKE** Annual Members simply dip their key into the slot at any station with an available bike. Those who buy a 24-Hour Pass will be given a code that they can type into the keypad on any dock with an available bike.
3. **RIDE** You'll get unlimited 30-minute trips for the duration of your Membership or 24-Hour Pass.
4. **RETURN** Lock the bike back at any station. Wait for the green light to confirm the bike is secure.
6. **REPEAT** Take as many trips as you want during your Membership or 24-Hour Pass period. Take any Divvy bike, any time! Enjoy getting around Chicago in a new way.

TRANSIT

CTA | www.transitchicago.com
Bronzeville is served by the CTA Red Line and Green Line trains, and over a dozen bus lines. **For more information about real-time bus and train arrivals and routes, see the CTA website (www.transitchicago.com).**

VENTRA | www.ventrachicago.com
Ventra is a combined fare card that can be used on CTA trains, CTA buses, or Pace buses. Cash fares are still accepted on buses. You can purchase your pass or add value at CTA rail stations, participating retail locations (such as local convenience stores), online, by phone, or using the Ventra app.

BIKES ON TRANSIT
www.transitchicago.com/bikeandride
Bikes are welcome on all CTA and PACE buses at any time; each bus has a two-bike rack on front. Bikes are permitted on CTA trains at all times except weekdays from 7 - 9 am and from 4 - 6 pm. Bring your bike on all Metra trains except weekday trains arriving in Chicago before 9:30 am and leaving Chicago between 3:00-7:00 pm. There is no additional charge for bringing a bike on CTA.

CARSHARING

Carsharing services allow members to "check out" a car when you need one for a set amount of time. You pay based on how long you use the car, with no additional charge for gas or insurance.

Carsharing is a great option for people who seldom need a car, or for families who have one car but occasionally need a second set of wheels.

Chicago has three car sharing companies; some own their own cars, while others are "peer to peer" systems that allow members to either offer up their personal car for rent, or rent from an individual. See each system's web page for more information:

THE KING DRIVE STROLL

Jump on or off by bike or foot at any point and check out these notable Bronzeville sites.

Begin at the **Monument to the Great Northern Migration** 1 near 25th Street and head south. Take notice of the **Walk of Fame** 2, a series of plaques along the sidewalks honoring some of the area's most famous residents.

Wander past 31st Street which is the start of an area affectionately known as **The Gap** 3. Here you will find examples of some of the most beautiful, historic homes in the area.

Near and around 35th you will encounter many historic sites and buildings including the **14-foot bronze map** 4 depicting the area's history, the **Supreme Life Building** 5, the former **Sunset Café** 6, and the former home of **Ida B Wells** 7. You can also stop by the **Bronzeville Visitor Information Center** 8 for more information about the history of the Black Metropolis.

Explore the war-related history of Bronzeville around 35th by visiting the **Eight Regiment Armory** 9 and **Victory Monument** 10. Take a short detour along 35th to the east to pay a visit to the tomb of **Stephen A. Douglas** 11.

Proceed south along King Drive. Look to your right and you will see **Wendell Phillips Academy High School** 12 where many notable African Americans got their start.

Continue south along King Drive past Oakwood Boulevard and view the recently restored murals at the railroad embankment. Hop off King Drive and head towards the Lake to visit **Mandrake Park** 13, the outdoor **Oakland Museum** 14 of abstract wood art on 41st, and the home of **Nat King Cole** 15.

Head back to King Drive and continue south past the historic **Metropolitan Apostolic Community Church** 16 at 41st where civil rights meetings were once held. Stop by 42nd and Calumet to visit the **Bronzeville Neighborhood Garden** 17 located behind the Center for New Horizons.

Continue east along the 43rd Street corridor, the former blues and entertainment center of Chicago where you'll find **The Forum** 18 as well as the location where the historic **Checkerboard Blues Lounge** 19 once stood at 43rd and Vernon Ave. From there wander by the Julian Dawson **Hybrid House** 20 at 44th and Vincennes and the **Mount Pisgah Church** 21, a former synagogue, at 46th and King.

Head to the commercial area of 47th and stroll past the **Harold Washington Cultural Center** 22 located at 47th and King. Continue south to the **Sacred Keepers Garden** 23 near 48th Street.

Complete the tour at 51st Street where you will encounter more public art and the **51st Street Community Garden** 24 which is the regular meeting spot for bike events organized by **Bronzeville Bikes**.

Thank you to the Center for New Horizons for help developing this walking route.
