

We're spending the winter dreaming up new and improved classes and group rides. In 2021, we hope you'll stay in touch and sign up for:

♥ Our classic Learn to Ride sessions, for anyone who wants to learn to ride a bike or needs a refresher course to fine-tune skills learned some time ago.

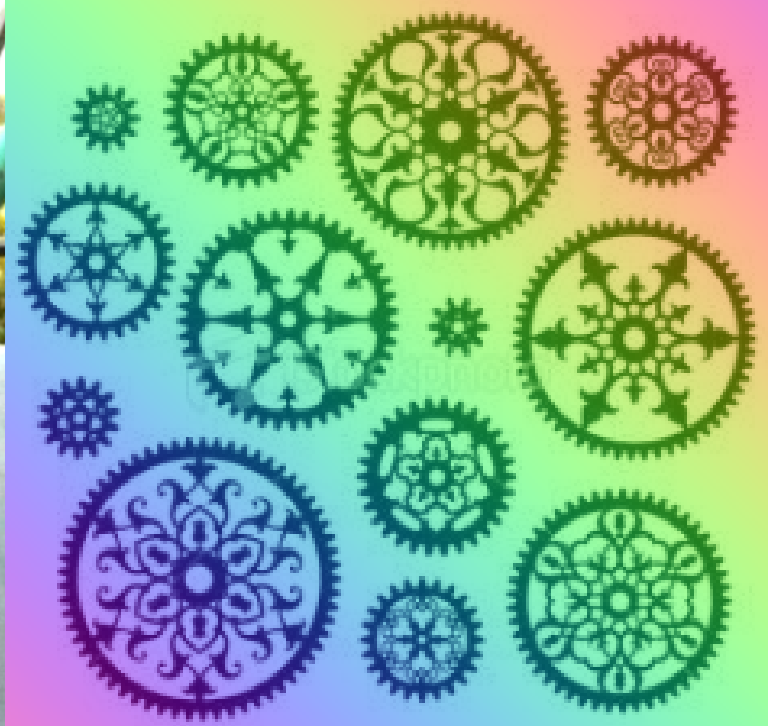

♥ Next-level SAFE Street Skills classes for those who'd like tips and support to increase confidence and comfort level when navigating city streets.

♥ Commuter Techniques training and test rides.

♥ Ambassador group rides to guide new riders wanting to explore off-street trails and parks.

♥ _____ What do you suggest? Interested in shopping by bike? Taking your bike on the bus or train? Let us know how we can help you make biking a bigger part of your transportation plan by replying to this email or sending a message anytime to:

info@visionzerochicago.org

Follow our [webpage](#), [Facebook](#) and [Instagram](#) to stay aware of what we're offering this year. And whether you're still riding or saving your bike adventures for less chilly days, **check out these videos (click for [English](#) or [Spanish](#)) we made for you** and the other 120 students who came out for our classes last year!
